Hello,

Attached is a working copy of the proposed staff report and resolution. I have not sent this to the City Attorney's office yet, but I wanted to first get your input/changes into the version first before we route for their review. I also intend to route this to Mary for review of the fiscal consideration section.

A few points I would like to get clarification from the Attorney's office regarding the Ca Civil Code section referenced in the report.

- Does the City need to adopt a policy before we install the cameras?
    - If so, does this policy need to be adopted by the full City Council and need to accompany this item?
    - Or is it sufficient for the PD only to adopt the policy? (Do we have one)?
- In the resolution, we added an item for public comment, is this needed? Does this also need to be referenced in the staff report?

Please let me know your thoughts. Thank you,
